THOMAS W. BRIGGS FOUNDATION EXCELLENCE IN TEACHING AWARD
2016-2017

NOMINATION STATEMENT GUIDELINES

The Briggs Award recognizes outstanding educators for their positive impact on undergraduate teaching. Past award winners have demonstrated a willingness to teach students at all levels, a personal concern for their students, enthusiasm for their disciplines, and a willingness to serve as leaders in innovation and teaching excellence in their departments.

In order for your nominee to be considered, you must return a completed nomination form AND nomination statement. Your nomination statement should be typed or printed on a separate sheet of paper. Statements should not exceed three pages.

Please discuss your reasons for nominating this faculty member and address the following areas in your nomination statement:

1. Overall teaching merits of the nominee in undergraduate courses (i.e. enthusiasm about teaching and subject matter, use of innovative teaching methods, organization and course preparation, extent to which students learn what is taught, etc.)
2. Level of interaction with undergraduate students (i.e. availability, advising, mentoring, etc.)
3. Overall impact on the University’s mission of undergraduate education (i.e. University committees, number of students impacted by nominee’s teaching and related activities, etc.)
