ARE YOU A COMMUTER STUDENT?

According to the Council of the Advancement of Standards in Higher Education, commuter students are defined as those who do not live in on campus housing. Typically, commuter students include:

- Full-time students who live at home with their parents.
- Fully employed adults who live with their own families and attend college part time.

- May live near the campus or far away.
- May commute by car, public transportation, walking, or bicycle.

The office of Adult & Commuter Student Services provides services and facilities to meet the needs of commuter students.

Need Tutoring?

The Educational Support Program (ESP) is a FREE service provided to students for the courses that they are taking at the University of Memphis.

ESP consists of individual tutors, study groups, workshops/seminars, learning centers, consultation, etc.

For more information, call 678-2704 or visit the website at www.people.memphis.edu/~aetcpu/html/esp.HTM

- Go to <http://www.memphis.edu/>. Click on Event Calendar

- Ask fellow classmates

Adult & Commuter Student Association

The Adult & Commuter Student Association (ACSA) is an organization for commuter and adult students at the University of Memphis that is organized to assist adult and commuter students throughout their university experience.

The ACSA is a **fun group** of people who share your interest in securing an education to better your life, your career, and your future.

Membership in the ACSA is a way to meet other students who share your concerns and interests.

If you would like more information on the ACSA, e-mail Buddy Brewer, President of ACSA, at Buddiebear542@aol.com

Inspirational Corner

I Think I Can

If you think you are beaten you are;
If you think you dare not, you don't;
If you want to win but think you can't
It's almost a cinch you won't.

If you think you'll lose you've lost;
For out of the world we find;
Success begins with a fellow's will;
It's all in a state of mind.

Life's battles don't always go
To the stronger and faster man,
But sooner or later the man who wins
Is the man who thinks he can.
