Aflac
We’ve got you under our wing.
You can win the battle against a critical illness, but can you handle the added costs?

A group critical illness plan helps prepare you for the added costs of battling a specific critical illness. The good news is that many people with a critical illness survive these life-threatening battles. Unfortunately, as the recovery process begins, people become aware of the medical bills that have piled up.

Your recovery doesn’t have to be spoiled by medical bills. With this plan, our goal is to help you and your family cope with and recover from the financial stress of surviving a critical illness.
