

Honoraria and Memorials

Tribute gifts are deeply appreciated and can give form and permanence to someone's life by recognizing them at the University of Memphis.

Honoraria

A gift made in honor of a person is a living testimonial that keeps on giving. It can be used as a way to recognize someone who has made an impact in your life or achieved a special milestone or for the person who has everything. Such a gift is appreciated by the honoree as well as the university and benefits students, faculty and University initiatives.
