We are pleased to announce that the University of Memphis will participate in the annual MPLOY Youth Summer Experience sponsored by the City of Memphis’ Office of Youth Services. MPLOY is designed to offer a meaningful employment experience for youth during a six-week period, allowing them to enter into various career paths offered throughout the city.
MPLOY

• The program runs June 6th – July 22nd (Monday – Thursday only).
• Youth will go through an orientation, weekly campus tours coordinated through HR, and a closing ceremony.
Towards the end of April, we will send out an email inviting departments within each division to commit to employing a youth for the summer program. Compensation for this program is provided by the City of Memphis.

The youth worker must be supervised by an individual who has the capacity to provide additional support to the youth worker.

The supervisors must attend an orientation scheduled prior to the arrival of the youth.
• How can you help?
  • Sign up to employ a youth this summer
  • Donate any items for their orientation bags (pens, cups, notepads, etc.)
  • Volunteer your department for a tour.

TN Lawful Employment Act & Temporary Employees Update

Iliana Ricelli
Senior Director, Human Resources
TN Lawful Employment Act

The Tennessee Lawful Employment Act ("Act") became effective January 1, 2012 and requires all employers in the state, both public and private, to provide evidence that they are only hiring and employing persons who are legally able to work in the United States. Employers can satisfy the requirements of the Act by:

• Enrolling in the E-Verify program and verifying the employment eligibility of all newly hired employees through E-Verify; or

• Requesting from all newly hired employees a copy of certain specific identification documents.
TN Lawful Employment Act

• In lieu of E-Verify, the UofM must accept, copy and maintain a state-issued driver’s license or identification, unexpired U.S. passport, permanent resident card, work authorization, birth certificate, certificate of naturalization, or a few other forms of identification from newly-hired employees. These are similar (if not the same) documents as those collected for the I-9.

• A second provision in the law involves a “non-employee” providing labor or services to an employer (i.e. contractors hired through Procurement).
TN Lawful Employment Act

• A “non-employee” is defined as “any individual, other than an employee, paid directly by the employer in exchange for the individual’s services.”
• If your department hires a contractor, it must request and maintain a copy of one of the specified documents, such as state-issued driver’s license or identification.
Temporary Employees Update
Temporary Employees Update

- HR updated its temporary practices to be in compliance with TBR policies
- The one year cap had been extended to June 30, 2016 in anticipation of the Department of Labor Changes
- With the proposed changes in governance, it is expected that university policies will be reviewed and possibly changed
Temporary Employees Update

• Until further notice, the UofM will adhere to its previous practice of continuation of employment by temporary employees, provided they have a two-week break in service (which usually occurs during the winter break at the end of December)

• Departments DO NOT need to send their employees to Kelly Services at this time
Temporary Employees Update

• Once more information is received from both the Department of Labor and TBR, we will determine if and/or when the temporary policies will be changed
