Now accepting applications for U.S. Department of Homeland Security (DHS)
Domestic Nuclear Detection Office (DNDO)

Summer Internship Program

The U.S. Department of Homeland Security (DHS) Domestic Nuclear Detection Office (DNDO) internship program offers opportunities for undergraduates and graduate students to participate in training and leadership development by working on DNDO’s mission of implementing domestic nuclear detection efforts for a managed and secure nuclear-armed world. Undergraduate and graduate students are paid a small stipend (around $350 weekly) to help defray the costs of living in Nashville. Information about the program can be found at: http://www.dndo.gov/internship

Access to our internship program and other opportunities will be through Academic Internships. To register for Academic Internships, please visit http://memphis.edu/internships. Once registered, you can log into your eRecruiting account and search for Academic Internship opportunities. Search by keyword or using the date box titled “More” to find the internship you are interested in. If you do not have an eRecruiting account, you can start here: www.memphis.experience.com

Application deadline: March 16, 2015, at 12:00 AM
U.S. citizenship required

Desired qualifications:
Undergraduate students receive a stipend of $600 per week plus travel expenses.
Graduate students receive a stipend of $700 per week plus travel expenses.
