

Psychology Undergraduates

Here's your chance to be part of the

Cognition and Integrated Action Laboratory

(laboratory of Dr. Rick Dale)

Are you ...

- grad-school bound
- hardworking and enthusiastic
- looking for valuable research experience
- looking for possible letters of recommendation

Are you interested in...

- language learning and usage?
- how your mind processes information?
- how your mind generates observable action?
- computer simulations of the mind?
- referring to yourself as a CIA agent?

Research assistants will...

- join in research meetings
- run participants
- analyze data
