**Experiential Learning Credit**

Students can utilize the University’s Experiential Learning Credit (ELC) Program to earn up to 30 credit hours ($75 per credit hour) for qualifying work experiences and training achieved in community settings. ELC will reduce the repetition of relevant course-related material for students with prior learning. Most importantly, ELC enables students to gain greater insight about themselves, while having the UoFM validate the importance of their prior learning.
