THE SCHOOL OF HEALTH STUDIES AT THE UNIVERSITY OF MEMPHIS IS SEEKING HEALTHY SEDENTARY AND PHYSICALLY-ACTIVE YOUNG (18-35 YEARS) AND OLDER (60-80 YEARS) ADULTS FOR RESEARCH STUDY

We are presently recruiting healthy men and women between the ages of 18 and 35 or 60 and 80 years to participate in a research study at The University of Memphis. The study will evaluate how metabolism contributes to the function of your immune system. You would need to visit the lab on up to seven different mornings over the course of up to 24 weeks and spend approximately 30 minutes in the lab each day. Scheduling is flexible. A venous blood sample will be collected at each visit. You will be compensated $10 per visit, up to $60 for your complete participation.

If you are interested in learning more, please contact Brandt Pence at bdpence@memphis.edu.
