Young Adults Needed for a Walking Research Study!

You may be able to participate if you:
- Are a man or woman between 18-40 years
- Have no lower limb injuries or surgeries
- Have no cardiovascular or metabolic disorders
- Are able to perform daily walking activities
- Are non-obese (based on body mass index assessment; <30)

The School of Health Studies is studying the effects of foot type and walking speed on walking movements
1 laboratory testing session of 60-90 min at the UM Fieldhouse

Financial compensation ($50) for completion of the study
