Women's Health Study

Participants needed to evaluate botanical agents' effect on general well being and libido.

The Cardiorespiratory/Metabolic Laboratory needs healthy, non-smoking women between the ages of 25-50 to participate in this study. Participation includes a 30 minute screening and 5, 1-hour lab visits. All test visits are in Field House 161.

Contact Ryan Moran at rgmoran@memphis.edu for more information.

$200 compensation will be provided for full participation.
