II. MATHEMATICS:

1. All incoming students are required to take the ALEKS exam to determine what level of mathematics course they are eligible to take.
2. Students may not take both MATH 1710 and 1730 or both 1720 and 1730 to fulfill the Gen. Ed. Math and B.A. Math/Natural Science requirements.

III. RESIDENCE REQUIREMENTS:

A student will satisfy residence requirements for graduation by earning at least twenty-five (25) percent of credit hours required for the degree at the University of Memphis. At least thirty (30) of the final sixty (60) hours required for the degree must be completed at the University of Memphis. A student transferring credits from a two-year college or institution must complete, as a requirement for the baccalaureate degree, a minimum of sixty semester hours in an accredited senior institution. A transfer student in The College of Arts and Sciences must earn at least 6 semester hours in residence in the major subject and at least 3 semester hours in the minor. These credits may be earned only through regular class enrollment for a letter grade.

IV. ACADEMIC CHECK-OUT FOR GRADUATION:

All students in the College of Arts and Sciences must complete an Intent to Graduate (ItG) form at the beginning of the semester at least one year before they plan to graduate. This form can be found in *myMemphis* in the Graduation and Commencement Channel of the *My Degree* tab. After the ItG is filed, the graduation analyst will complete a Summary of Coursework Remaining form and will email copies to the student and to the advisor. The student should print a copy of the Summary of Coursework Remaining and schedule a time to discuss it with her/his advisor. If there are any questions about the Coursework Remaining form, the **advisor** should contact the graduation analyst (casgraduation@memphis.edu).

If a student decides to change her/his expected date of graduation after s/he has submitted the ItG, it is vitally important for the student to contact the graduation analyst (casgraduation@memphis.edu) and keep her informed of the new plans. Students who have met the requirements for graduation will be certified as a graduate in whichever semester is on file with the graduation analyst.
