GRANTS & CONTRACTS

- *Evaluate Impact of Indianola Promise Neighborhood Program*. Principal Investigator, Wesley James. Funded by Delta Health Alliance, Stoneville, MS. \$299,760. June 2017-May 2018.
- *Evaluate Impact of Indianola Promise Neighborhood Program*. Principal Investigator, Wesley James. Funded by Delta Health Alliance, Stoneville, MS. \$261,419. June 2016-May 2017.

RESEARCH PROJECTS

- *American Trucking Association* directed by Arthur Cosby, PhD and Ronald Cossman, PhD. Research Associate II responsible for providing demographic projections of the Highway Watch certified population and assessing the geographic coverage of Highway Watch trained driving professionals.
- *Delta Health Initiative* directed by Arthur Cosby, PhD. Research Associate II responsible for developing and standardizing a GIS-based inventory of health related characteristics.
- *The Long-Term Care Needs of People with Multiple Sclerosis* directed by Robert Buchanan, PhD. Research Associate II analyzing Rural MS survey data, OSCAR data, and MDS Nursing Home data as well as mapping using GIS software.
- *Future of Mississippi* directed by Arthur Cosby, PhD. Research Associate I projecting Mississippi's population through 2040.
- *Mississippi Crash Data* directed by Ronald Cossman, PhD. Project Manager responsible for analyzing rural vehicle related deaths and writing the final report and intervention brief for the Mississippi Department of Transportation (MDOT) and Mississippi Alcohol Safety Education Program (MASEP).

RESEARCH PROJECTS (continued)

- *Prescription Drugs* directed by Ronald E. Cossman, PhD. Budget manager and Research Associate I using prescription data from ExpressScripts as a proxy for predicting healthy and unhealthy places in the United States.
- *North Mississippi Health Services (NMHS)* directed by Humphrey Costello, M.S. Primary responsibilities include using CPS data to estimate sub-state un-insurance rates for 22 North Mississippi counties and mapping the NMHS catchment area.
- *Healthy and Unhealthy Places in the United States* directed by Ronald Cossman, PhD. Graduate Research Assistant calculating mortality rates and using ArcView Geographical Information Systems (GIS) to spatially assess mortality.
- *MSU Enrollment Study* Office of the Provost, Mississippi State University. Graduate Research Assistant projecting MSU enrollment over five upcoming years based on demographic trends in the state of Mississippi.
- *Mississippi Academy of Family Physicians (MAFP)* directed by Jeralynn Cossman, PhD. Graduate Research Assistant mapping spatial clusters of MD's, Primary Care Physician's, and Health Professional Shortage Areas.

APPLIED RESEARCH EXPERIENCE

- 2006-2008 Consultant. McKibben Demographics, Rock Hill, SC
Responsible for supervising, scouting, and surveying residential and commercial developments to create school enrollment projection models based on population shifts.
- School Districts served:
