The Bugbee-Falk Book Award is a prestigious national award established in honor of the extraordinary contributions of Mr. George Bugbee and Dr. Isidore S. Falk to the development of health services administration education. The award consists of several books from the field of health administration and general management, and is intended to form the foundation of the recipient’s professional library. The award has been won only twice before by University of Memphis MHA alumni: Ms. Amy Barringer, MHA (’13) and Dr. Paige Powell, PhD, MHA (’98). Ms. McClendon was unanimously selected by the faculty for her contributions to the program, performance in the classroom, and clear exemplification of the ideals and standards of the University of Memphis MHA program.
