

Connecting on an iPad or iPhone

1. Go to your system Settings.

2. Select Wi-Fi, then choose um-guest from the list of network choices.

3. You will be asked to enter an (A) email address. This is a non-UofM affiliated email. (In this example, we used tomtiger@tigermail.com.) (B) Check the I accept the terms of use box. (C) Click Register.

The screenshot shows the registration page for the University of Memphis Guest Network. At the top left is the university logo and the slogan "Driven by doing." Below this is a dark banner with the text: "Welcome to the University of Memphis Guest Network. Please complete the form below to gain access to the network." The form itself is white and contains the following elements:

- (A)** A text input field labeled "Your email address:" containing the email "tomtiger@tigermail.com". Below the field is the prompt "Please enter your email address."
- (B)** A "Confirm:" section with a checked checkbox and the text "I accept the terms of use".
- (C)** A blue "Register" button.
- At the bottom of the form, it says "Already have an account? [Sign In](#)".

The background of the page is a photograph of a university building with a walkway and benches.

4. You will be given the details to your guest account including a guest password and expiration time for your account and password.

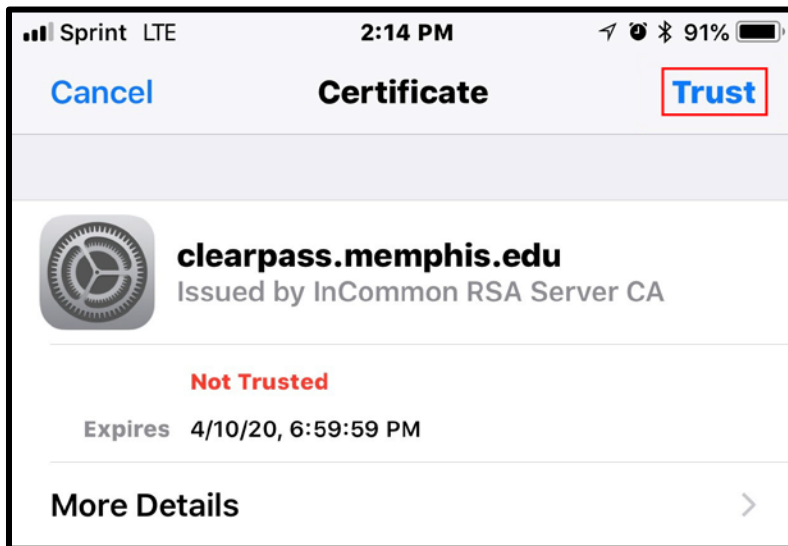

Note: If you click on your email at the bottom, an email receipt will be sent to the email address you entered confirming your guest account.

5. Click **Log In**.

The screenshot shows an email interface with the University of Memphis logo and tagline "Driven by doing." at the top. The main content area has a dark background with a building image. It displays the following information: "The details for your guest account are shown below." followed by "Account Username: tomtiger@tigermail.com" with a small profile icon, "Guest Password: 123456", "Activation Time: Thursday, 02 August 2018, 11:26 AM", and "Expiration Time: Friday, 03 August 2018, 11:26 AM". A blue "Log In" button is highlighted with a red rectangle. At the bottom, there is an envelope icon and the text "Email receipt to: tomtiger@tigermail.com".

6. A window will pop up asking you to trust the certificate, click **Trust**.

7. You are now connected to the um-guest wireless network.

Note: If you have previously logged into the um wireless network, you will receive this message after selecting Trust:
