By the clothes you wear. By the company you keep. By the interests you pursue. By the way you communicate. By the choices you make.

You are undeniably original. Unquestionably unique. There is only one YOU!

Perhaps you express yourself by excelling in the classroom, through the arts, in the sciences, on the athletic field, by assuming leadership roles or through volunteering in your community. You probably express yourself in many ways, revealing yourself to the world through multiple contributions.

Your college years will give you the freedom and flexibility to define and express yourself more than ever before. Why not choose a place that embraces who you are, one that supports your individuality, your talents and your dreams?

Check out just a few of the ways you can express yourself at the University of Memphis.

- Be part of the largest honors program in Tennessee.
- With more than 250 areas of study, you can major in just about anything.
- Get involved in one of our more than 190 student organizations.
- Show your Tiger Spirit by supporting our highly successful athletic program.
- Make friends with other students from 47 states and 99 countries.
- Give back to the community by taking class notes for students with disabilities, raising money for St. Jude Children's Research Hospital or cleaning up neighborhoods, just to name a few.
- Go “green” with us through campus sustainability projects.
Some of the best opportunities in my life have happened at the U of M! Like my internship at the Woodrow Wilson International Center for Scholars through The Washington Center Internship Program. And I got to expand my knowledge of China through a study abroad experience.

- Terrance Stevenson
Little Rock, Arkansas
International Studies/Political Science

Our outstanding faculty are some of the best in their fields. Not only are they great teachers, they are also world-renowned for their contributions to society. Want proof?

- We have 26 Chairs of Excellence, more than any other university in Tennessee.
- Our faculty are Emmy, Grammy and Peabody award winners.
- Research by our faculty is providing answers to local, national and international societal issues. These research areas include implant technology, bone regeneration, predicting and mitigating earthquake risk, building safe communities, developing learning technologies, studying behavioral health, urban education and assessment, and cyber security.
- Our faculty are highly acclaimed writers, novelists and documentarians.
- We have five nationally recognized Centers of Excellence.

Founded: 1912
Location: Main campus in the heart of residential East Memphis; 8 off-site locations
Facilities: 237 buildings
Enrollment: 22,421 (17,510 undergraduates; 4,911 graduate students)
Freshman Class: 2,416 first-time freshmen
Degree Programs: Over 250 areas of study (16 undergraduate degrees/55 master’s degrees/24 doctoral degrees)
Faculty: 870 full-time faculty
Student-Faculty Ratio: 15:1
Academic Calendar: Semester system (fall, spring and summer sessions)
Student Life: Over 190 student organizations, including 25 sororities and fraternities
Undergraduate Tuition: $6,780 (in-state, annually) $20,148 (out-of-state, annually)
Scholarships/Financial Aid: More than 82% of students receive merit-based or need-based aid
School Colors: Blue and gray
School Mascot: Bengal Tiger

*2010-2011 academic year data
Degree programs at the University of Memphis are divided into nine colleges and schools. We offer 16 undergraduate degrees, 55 master’s degrees and 24 doctoral degrees. Our graduate programs in audiology and speech-language pathology, rehabilitation counseling and discrete mathematics/combinatorics are all nationally ranked by U.S. News & World Report. Each year we graduate more than 3,000 new alumni.

Our students regularly travel to 51 countries and over 200 study sites. We offer short-term, semester and yearly programs, with financial aid available to help students cover the costs. U of M study abroad programs provide students the opportunity to combine a rigorous academic program with a cross-cultural learning experience that is not available in the United States. Students may study in Africa, Asia, Australia, Central America, Europe, North America or South America. For a complete list of programs, visit memphis.edu/abroad.

COLLEGES AND SCHOOLS

- School of Public Health
For academically ambitious and talented students, the Helen Hardin Honors Program combines the best of a small liberal arts school with the opportunities of a large, nationally recognized research university.

With more than 1,600 students enrolled, the Honors program is entering its 39th year. A record number of freshman students were accepted in Fall 2010, with more than 18 percent of the class scoring 30 or higher on the ACT.

The program includes enriched Honors courses, interdisciplinary seminars, independent study, an Honors thesis or creative project, and conversations with visiting scholars. Honors courses are discussion-based classes that emphasize writing and problem solving, as well as critical and creative thinking. Honors students can also participate in nationally recognized undergraduate research conferences and extend their learning through internships and public service.

In the last several years, U of M Honors students have won such highly prestigious scholarships as the Truman Scholarship, the Goldwater Scholarship, the Fulbright Scholarship and the Rotary Scholarship, among others.

More information is available at memphis.edu/honors.

I have been able to express myself through the MILE (Memphis Institute for Leadership Education) Program where I have a great mentor who is heavily involved in the Memphis business community.

- James Northcutt
Dyersburg, Tennessee
International Business
The University of Memphis offers two programs that bring undergraduate students together who have common academic pursuits. The U of M’s Living Learning Communities program allows students to not only attend class and study together, but to live together as well. Living Learning Communities are available for Honors students, women majoring in engineering, ROTC students, those majoring in architecture and design, music scholars, Emerging Leaders, those interested in foreign languages and cultures, and a Freshmen First group. A new Living Learning Residence Complex opened in Fall 2010.

Freshmen First participants live together and share their experiences as freshmen. Residence Life provides a variety of programs to help these students succeed, including study skills, movie nights, cookouts, recreational tournaments, community service projects, safety awareness and more.

Research confirms that Living Learning Community students become more engaged in their studies and their college lives, have higher GPAs, successfully complete more hours in less time, and continue on their programs of study at a higher rate.

More information is available at memphis.edu/reslife/livingcommunities.
Research

Both undergraduate and graduate students have the opportunity to participate in research projects. Undergraduates do so through their participation in the Helen Hardin Honors Program.

An undergraduate research database exists online to match students and their interests with researchers in all fields at the U of M. These opportunities to work with faculty on key research projects give students invaluable experience and allow them to participate in a “real world” application of their knowledge.

Some current areas of research that undergraduate students participate in include biology, chemistry, communication, psychology, counseling, educational psychology and research, earth sciences, electrical and computer engineering, health and sport sciences, political science, and women’s and children’s health.

Graduate students become involved with research projects primarily through their interactions with faculty.

I chose the U of M because it had the academic program that I liked. But once I got to Memphis, I was able to express myself through many on-campus activities – including serving as my Greek sorority’s president.

— Alanna Rolli
Keene, New Hampshire
Fashion Merchandising & Home Furnishings
Creative expression comes naturally to many of us. Whether it’s music, art, design, theatre, dance or writing that is your pursuit, the University of Memphis has a program that can spark your imagination and help you realize your potential.

### Creative and Professional Writing

If writing is your preferred form of expression, then you’ll want to enroll in either the creative or professional writing programs offered through the Department of English in the College of Arts and Sciences. In addition to the bachelor’s degree in English with a concentration in creative writing, the university also offers a Master of Fine Arts in creative writing. Professional writing degrees are also offered at the undergraduate and graduate levels. The U of M faculty include many published authors.

### Visual and Performing Arts

The visual and performing arts disciplines are found within our College of Communication and Fine Arts (CCFA). These include studies through our Rudi E. Scheidt School of Music and the departments of architecture, art, communication and journalism, as well as theatre and dance.

Many of our alumni have made their way to national and international stages after graduation as actors, opera singers, filmmakers, music producers, costume designers and directors. Others have become best-selling authors, speechwriters, journalists and editors, playwrights, designers, artists and art historians. CCFA offers undergraduate and graduate degrees in a variety of concentrations, such as music and theatre performance, jazz and studio music composition, music and art education, studio arts, photography, art history, architecture and interior design, graphic design, journalism, and film and video production.
Our natural sciences and social sciences are housed within the College of Arts and Sciences. These include the earth sciences, mathematical science, psychology, social work, biology, chemistry and physics. It is the largest college on our campus.

For those who express interest in the field of medicine, we offer the prerequisite courses students need to successfully apply to professional schools. This includes careers in medicine, chiropractic medicine, cytotechnology, dental hygiene, dentistry, health informatics and information management, medical technology, podiatry, occupational therapy, optometry, osteopathic medicine, pharmacy, physical therapy, respiratory care and veterinary medicine. Our Pre-Health Resource Center will work with you to ensure you meet professional school admissions requirements. Visit memphis.edu/cas/pre_health.htm for more information.

If nursing is what interests you, then you should consider the Loewenberg School of Nursing. Our nursing students are engaged with the community daily and assist with such initiatives as hospice care, health fairs and screenings, adult day care and CPR classes. We are also actively involved with organizations like the American Red Cross and the Memphis Union Mission. Twice a year our nursing students travel to the Dominican Republic to provide basic healthcare services to one of the most impoverished countries in the world.

Engineering programs, housed in the Herff College of Engineering, include studies in biomedical, civil, computer, electrical and mechanical engineering. At the graduate level, our School of Public Health offers areas of study in biostatistics, environmental health, epidemiology, social and behavioral sciences, health systems and health administration. And our School of Communication Sciences and Disorders has been ranked in the top 10 nationwide for each of the last 12 years.
Student life is an important part of the college experience. Research shows that students who are involved in campus life are more inclined to excel academically and to maintain a greater connection to their university after graduation. Approximately 2,100 students live in on-campus housing at the U of M.

Greek Life is a vibrant part of the university and includes 25 sororities and fraternities. Intramural sports, concerts, movie showings, speakers and other student activities give students outlets to be involved in campus life.

Memphis is an amazing place to study music, and my position on the Student Activities Council has given me opportunities to interact with performers from all over the world!

- James Ramson
Memphis, Tennessee
Music Industry

Some of my most memorable experiences have been through my student involvement — raising money for the kids of St. Jude through Up 'til Dawn, welcoming new freshmen as a Frosh Camp counselor and gaining leadership skills through my Greek fraternity.

- David Jacks
Millington, Tennessee
Advertising
Leadership comes in many different forms. At the U of M, we have more than 190 registered student organizations (RSOs). There is literally something for everyone. If we don’t have an organization that suits your interests, you can start a new one by getting nine more of your friends to sign up.

Whether you’re looking for a group that supports athletics or the arts, community service or cultural awareness, religious or political activism, Greek life or academic scholarship, there’s an RSO for you. There is also the Student Government Association, the Student Activities Council and the Student Ambassador Board.

A complete list of organizations is available at https://saweb.memphis.edu/rsoreg/RSOList.asp.

In my Honors classes, I get to express myself through in-depth conversations that really open my eyes to other people’s perspectives.

- Emily Gianella
Bartlett, Tennessee

Information Systems
If you love the roar of the crowd and the taste of a warm hot dog, you’ll find yourself right at home with the foam-fingered, body-painted fans who cheer the Tigers to victory. A Division I school, we’re part of one of the NCAA’s largest conferences, Conference USA. Our football team plays in the 62,000-seat Liberty Bowl Memorial Stadium. Tiger basketball is played in the FedExForum which boasts 18,400 seats. We don’t mean to brag, but we DID go to the National Championship game in 2008 — our third trip to the Final Four — AND we’ve made it to the Elite Eight six times. So, yeah, we’re good and we like to rock FedExForum.

That’s not all the sports we offer. On the men’s side, we have baseball, cross country, golf, track and field, tennis, soccer and rifle. On game day, Women’s Tiger Basketball lights up the scoreboard in the Elma Roane Fieldhouse located right on campus. Our female athletes also participate in cross country, golf, track and field, tennis, rifle, soccer, softball and volleyball.

If kickboxing, yoga, fencing, badminton or bowling is your thing, check out the free classes and intramural sports offered at our Student Recreation and Fitness Center. Use of the fitness center is free to students. Check out all we have to offer at memphis.edu/cris.

We possess a TIGER PRIDE that is absolutely contagious.
Your college life is part of a greater whole. Not only will you study, eat and perhaps live on our campus, you will also become part of our city.

Memphis is known for a lot of things. You may have heard about our barbecue, our musical heritage, our civil rights history and our entrepreneurial spirit. A lot of companies got their start in Memphis — FedEx, Holiday Inn and St. Jude Children’s Research Hospital, just to name a few.

We also gave birth to the first self-service grocery store, the first hotel chain, the first outlet mall and the first overnight package delivery company.

Our city embodies our university’s motto — Dreamers. Thinkers. Doers. It is more than our motto. It is who we are as a university, and as a city.

When you graduate and become an alumnus, you will join a group of pretty phenomenal people — one that includes actors, scientists, educators, corporate executives, lawyers, politicians, authors, physicians and entrepreneurs who are leaders in their respective fields.

The U of M has more than 118,000 living alumni, many of whom play a vital role in our success through philanthropy, volunteer participation, student recruitment and athletic support.
At the U of M, I get to join the medical community in the fight against cancer by actually helping to find a way to turn off lysophosphatidic acid 2 receptors found in cancer.

- Faran Saeed
Mt. Juliet, Tennessee
Chemistry/Pre-Med

Nothing expresses who you are more than your choice of a career. You may have multiple roles in your lifetime (child, spouse, parent, friend), but the world will label you by your chosen career (doctor, teacher, banker, lawyer, engineer, business owner, artist). Your chosen career will define a large part of your life, reflecting your passion and your ambition.

At the U of M, we recognize how important career choices are. It starts with the advising process as an incoming freshman and continues through your college career. Our Career Services office offers individual career planning, résumé critiquing, mock interviewing, and internship and job search preparation. We also have strong partnerships within the university community, the city and the region. The U of M even offers guaranteed internships to upper division students.

What you do says a lot about who you are.
At the University of Memphis, you can express yourself in a lot of different ways.

You may even find new forms of expression while you are here. Why not be who you are? Tap your potential? And share your best self with the world? Selecting the right university for you is the first step.

**HOW TO APPLY**

We accept students who have strong academic preparation and potential to succeed. It is a competitive process. The U of M utilizes a comprehensive admissions review that includes your ACT/SAT scores and your cumulative high school grade point average.

Most colleges and universities request that you take a set number of classes in certain topics in high school. The University of Memphis is no different. Minimum requirements include:

<table>
<thead>
<tr>
<th>ENGLISH</th>
<th>4 units</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH</td>
<td>3 units</td>
</tr>
<tr>
<td>SCIENCE</td>
<td>2 units</td>

**HISTORY** 2 units

- United States History and/or World History
- European History, Ancient History or Modern History

**FOREIGN** 2 units

*(in the same language)*

**LANGUAGE** 1 unit (Visual or Performing)

**TOTAL** 14 units

You can apply online at apply.memphis.edu. You’ll need a Visa, Discover or MasterCard to submit your application with the required application fee of $25 ($50 for international students).

You can also talk directly with an admissions counselor by calling 901.678.2169 or 1.800.669.2678. Remember to apply early.

**SCHOLARSHIPS AND FINANCIAL AID**

We have generous scholarships and financial aid packages. Last year we awarded more than $167 million in scholarships and financial aid to undergraduate students. This included 6,198 students who received $37 million in state-funded or university-funded scholarships. For more information, visit scholarships.memphis.edu or financialaid.memphis.edu.

**WHAT WILL IT COST?**

Tuition and fees vary from year to year. For the 2010-11 academic year, an in-state undergraduate student paid approximately $6,780 in tuition and fees while an out-of-state student paid about $20,148. This does not include housing and meal plans, books or supplies.

Students from Tennessee may be eligible for the HOPE Lottery Scholarship. Also, students living in Crittenden County, Arkansas, or DeSoto, Marshall, Tate or Tunica counties in Mississippi, may be eligible to attend at in-state rates.
You can express your interest in the University of Memphis by becoming a True Blue Tiger. It’s free and easy. Just create your personalized page at memphis.edu/truebluetiger, and we’ll do the rest.

Broadcast Journalism
The University of Memphis Blue Crew is a student group comprised of the most passionate Tiger fans on campus! If you’re loud, rowdy and crazy about your Tigers, the Blue Crew is for you. Only current U of M students who are enrolled for at least six hours are eligible to join. Members get a Blue Crew t-shirt, priority seating at home basketball games, post-season travel, special road trips with the teams, Blue Crew cookouts, tailgates and opportunities to meet U of M players and coaches. Dues are $30/year. For more information, call 901.678.4142 or visit gotigersgo.com and click on The Blue Crew.

**Tiger Fight Song**

Go Tigers Go, Go On To Victory,
Be A Winner Thru And Thru;
Fight Tigers, Fight Cause We’re Going All The Way —
Fight, Fight
For The Blue And Gray And Say —
Let’s Go Tigers Go,
Go On To Victory.

See Our Colors Bright And True;
It’s Fight Now Without A Fear,
Fight Now Let’s Shout A Cheer,
Shout For Dear Memphis U.

(Yell)
Go Tigers Go
Go Tigers Go
Yea — Tigers Go!
