Have you ever wondered how a person who has low vision uses Braille in their everyday lives? Or, perhaps, how Braille is used in a living, learning vocational and/or educational environment?

Come learn about Braille from Braille users and find out about the community resources to learn Braille. At each Braille User Support Group, a Braille user will be on site to demonstrate how they use Braille and provide tips for learning Braille.

Join Mid-South ACT Braille User Support Group members every third Friday from 11 AM – 1 PM for an Informational Meeting. Membership is free!
