Memphis Blind Awareness & Togetherness Support Group (BATS) for Young Adults, 18 – 50, who are Blind or Have Low Vision

A new networking & support group for young adults (ages 18 – 50) who are blind or have low vision began in December of 2011. Many of our members have expressed an interest in seeking employment, therefore part of this meeting will concentrate on resume building. Bring all of the information you want included on your resume, and we'll help you to get started. We also have a lot of fun!

Won't you join us? Our next meeting will be held:
