

# Roll into Fall by Rolling with the Punches

## A Networking Group for People Who Use Wheelchairs

**Do you feel that your wheelchair may limit your dreams?** Do you have success stories that you would like to share with other people who use wheelchairs? Come and join our support group, so that you can meet people who have overcome obstacles. We will have group discussions on the issues you face and gain knowledge about technology that may be of use to you.

**Roll with the Punches** is a networking group for people who use wheelchairs and a group for users to get acquainted with each other. They can also learn about technology and resources that may be new and helpful to them. The group is sponsored by Mid-South ACT. One service that Mid-South ACT provides is to promote community awareness of assistive technology (AT). During our meetings, we hope to offer brief training on technology, introduction to art therapy, and have representatives from different companies come and talk to members about their new products. We will also have group discussions where success stories are shared, and in turn inspiring. We also have discussions regarding the challenges they have faced.

**Roll with the Punches** is designed to assist individuals who use wheelchairs, as well as their assistants, families, and friends, to inform them of the latest technology and resources that are available to them. It is also able to help members meet new people and to have **FUN!**

**Our meetings are held on the  
fourth (4th) Friday of each month  
11:30 am – 1:00 pm**

**in the Mid-South ACT Lab • Patterson Hall • Room 109**
