

Introduction to Unity

- **Date:** Dec. 2 , 2011 8:00 am - 11:30 am
- **Facility:** Mid-South Access Center for Technology
- **Location:** Memphis, TN
- **ASHA CEUs:** 0.3
- **Instructor:** Sandy Baldwin

Course Description

This course focuses on features of Unity 84, Unity 60 and Unity 45 (Vantage/Vantage Lite, Vanguard, ECO). Participants will review overlays and icon features/functions, Unity Pattern 1 (verbs, nouns, adjectives, and adverbs) and Unity Pattern 2 (pronouns). You will also learn Unity Pattern 3 (statements and questions), Unity Pattern 4 (noun categories), Unity Pattern 5 (grammar parts), and strategies for teaching Unity vocabularies.

Devices for this training are not required. If you choose to bring a device or laptop computer, please bring a Vantage Lite, ECO or laptop computer pre-loaded with PASS Software. All software versions are welcome.

Participants will need to go to the PRC website at <http://www.prentrom.com/training> and fill in form under Regional Training to register.
