The UofM Financial Aid Office develops a Cost of Attendance (COA) for college-related expenses each aid year. The COA is a comprehensive estimate consisting of Direct Costs and Indirect Costs related to educational expenses. Direct Costs can include tuition/fees and a housing/meal plan if you are living on campus. Direct Costs are only those expenses billed by the UofM. Indirect Costs include books, travel and miscellaneous expenses. Indirect Costs are those college expenses not billed by the UofM.

Here’s what you might expect for an academic year (both fall and spring semesters):

Access and Affordability

TUITION CAP
All full-time, in-state undergraduate students, regardless of the modality of the courses taken (online or traditional), will only be charged for 12 credit hours. There is no additional tuition charge for hours above 12 credits. We encourage 15 hours to graduate in four years. The tuition cap makes it easier to stay on track while maintaining your costs.

GUARANTEED TUITION PLAN
The Guaranteed Tuition Plan provides students with predictable cost for enrolling at the University of Memphis. Affordability and access are important to ensure the University is a great value to our students.

- The Guaranteed Tuition Plan is available to all first-time, first-year undergraduate resident, non-resident, international and UofM Global students.
- Students will be automatically enrolled into the Guaranteed Tuition Plan and are locked into the tuition rate for eight consecutive semesters.
- A new guaranteed tuition rate will be established for each fall.
- Students may opt-out to the variable rate plan at any point.

A Guaranteed Tuition Plan example is below:
