Memphis, Tennessee 38152-3520

Office: 901-678-2101
Fax: 901-678-3053

Educational Objective:

The University of Memphis employs a holistic review process for all admission applications. As such we consider both academic and non-academic information to evaluate an applicant's potential for success. Applicants with little or no college credit are expected to submit an educational objective. Emphasis should be placed on experiences you had since leaving high school that you believe will make you a successful college student (e.g. military, successful vocational training, work experiences, etc.). Please be sure to consider your entire academic history when responding to the questions. Limit responses to 250 words or less per question.

Please explain your life experiences since your last high school or college enrollment. What factors may have impacted your prior level of academic performance?

Describe your motivation for returning to college at this time.

How will your UofM degree align with your career goals?

If accepted, what changes/modifications do you plan to make to be successful at the UofM?

This information will be used during a comprehensive review of your academic and non-academic contributions to your application for admission.

Be sure to include your name, address, and birthday to ensure this information is properly added to your application upon receipt.

***Submit your completed questionnaire by uploading it via the secure document upload page:
