Questions to ask and comments to go over with your advisor

- Are there alternate courses that I can take in the event some courses are closed or do not fit in my schedule?
- Where do I find information about internships/scholarships/tutoring?
- Inform your advisor of any changes in your plans since the last time you met.
 - Are you adding/dropping a minor? Are you adding a second major? Are you planning to go to graduate school?
- Ask your advisor about campus resources to enrich your University of Memphis experience.
- Take a list of other concerns such as problems affecting your academic performance or career considerations.
