8. Reports and Recommendations of the Governance and Finance Committee

Presented by Doug Edwards

The University of Memphis Board of Trustees

Recommendation

For Approval

Date: June 14, 2023

Committee: Governance and Finance Committee

Item: FY2023-24 Proposed Budget
FY2022-23 Estimated Budget
FY24 Compensation Strategy

Presented by: Raaj Kurapati, Executive Vice President/Chief Operating Officer and Financial Officer

Background:

Budget Control Policy (UM 1768) recognizes budgeting as the process whereby the plans of an institution are translated into an itemized, authorized, and systematic plan of operation, expressed in dollars, for a given period. This policy also recognizes that a budget is a plan and circumstances may necessitate revisions or changes from time to time. In view of this, we will submit budgets for approval three times each fiscal year. At this time, both the FY2023-24 Proposed budget and FY2022-23 Estimated budget are presented for consideration.

The **Proposed Budget** is prepared in the spring for implementation each fiscal year on July 1. This budget is based on the level of state funds recommended in the Governor's proposed budget as well as early estimates of factors such as enrollment projections, proposed tuition increases and research activities. The **Proposed Budget** is submitted to the Board for approval prior to the start of the subsequent fiscal year which includes the FY2024 Compensation Plans.

The final budget submitted for each fiscal year is the **Estimated Budget**. This budget includes carryforward balances from prior years that represent available resources at the departmental level. Although these funds are available, we do not anticipate that all resources will be spent in the current fiscal year. The **Estimated Budget** also includes final adjustments to the current year budget and is the budget against which final year-end actual amounts are compared. It is prepared, submitted, and considered by the Board at the same time as the **Proposed Budget** for the upcoming fiscal year.

Committee Recommendation:

The Governance and Finance Committee met June 14, 2023, and recommended approval of the FY2022-23 Estimated Budget and the FY2023-24 Proposed Budget and assumptions as presented in the meeting materials.
