# **THE SOUTH CITY DIGITAL INCLUSION PROGRAM IS BACK!!**

## **Our Services**

Digital Mentors assist families residing in the 38106 and 38126 zip codes to learn new computer skills either face to face or digitally from the comfort of their homes through self-paced assessments.

Parents and their children will receive gift cards for completing digital assessments!

We help program participants gain access to discounted or free internet services.

Digital Mentors link program participants, their children, and youth to after school programs and additional technology-based programs.

## **About Us:**

The South City Digital Inclusion Program helps families and individuals increase their knowledge of technology and the digital world.
