(CCCR) The University of Memphis Lambuth and  
Jackson Police Department.***

***March 16, 2016***

***8am-5pm***

***Wilder Student Union Building Room 217  
Jackson, TN***

Recent police shootings and subsequent protests have focused new public attention on the issue of accountability in law enforcement.

These events have also triggered public dialogue regarding the probability of body cameras as the solution to related issues. Recent surveys suggest that approximately 25% of the nation's 17,000 police agencies are using body worn cameras and of those agencies, 80% are evaluating the technology.

This class will focus on policy development for use of body cameras in:

Criminal Investigations  
Case Management/Testimony/Ethics  
Police Practices

This course has been submitted for POST credit approval.

The cost for this one-day workshop is \$75.00. Register and pay online at:  
[www.memphis.edu/cccr](http://www.memphis.edu/cccr).

Registration deadline: March 14, 2016. Non-refundable after March 9, 2016.
