

How to Use the Watch List Tab

1. Either under the “My Tasks”, “My Proposals” or the “All Proposals” tabs, find a proposal that you want to watch (keep your eye on). Then hover your cursor over the star icon and click.

2. After you click on the star icon look under the “Watch List” tab and you will see that proposal.

3. After you are done watching that proposal, click on the star icon to have it disappear from that tab.
