

# BUNDLES FOR BABIES

## DIAPER DRIVE

### DID YOU KNOW...

- Diapers can cost \$100+ a month for 1 baby. Depends can cost \$160+ a month for 1 incontinent adult.
- Diapers cannot be purchased with gov't assistance
- Daycares do not accept children who do not have an adequate number of diapers; limiting parents' ability to work and provide for their family

Little bottoms  
have big  
needs

### THE RISK...

- Soiled diapers lead to severe diaper rash, infections, other health issues, developmental delays, and behavioral issues
- Soiled diapers cause excess crying which combined with the stress of need can lead to child abuse, depression, and shaken baby syndrome
- Adults affected by loss of bladder or bowel control may isolate themselves for fear of ridicule, lose self-esteem, and find employment impossible
