

A Virtual AI Enhanced IoT Security Workshop

# AI MEETS IOT Workshop

## Workshop Highlights:

- ✓ The Role of AI in IoT
- ✓ Differential Privacy from Theory to Practice
- ✓ Explainable Machine Learning based Intrusion Detection Systems for Cloud and IoT
- ✓ Cyber Threats Early Warning Framework for Operational Technology Systems
- ✓ Deepfake Detection and much more!

 **DATE**  
October 27, 2023

 **TIME (EST)**  
10:00AM - 2:00PM
