COLLEGE OF EDUCATION

Dean, Dr. Kandi Hill-Clarke, PhD

The most historic college at the University of Memphis, the College of Education is nationally accredited and seeks to prepare teachers, education related professionals, and other licensed human service professionals to become effective leaders within their chosen career. The College holds the distinction of being one of the few in the nation to meet, without a weakness, National Council for the Accreditation of Teacher Education (NCATE) standards. In addition to high-quality classroom instruction, most programs are field based. Practical experiences and opportunities for participation in exciting hands-on training and research exist at our award winning Campus School, the Barbara K. Lipman Early Childhood School and Research Institute, our local Professional Development Schools, the nationally known Center for Research in Educational Policy, and internship programs in various community businesses and agencies, all where experts in the student's field of study and University faculty work together to provide valuable on-the-job experience. The College offers off-campus courses at our Collierville, Jackson, and Dyersburg campuses and is a state leader in alternative online degree and licensure programs. Undergraduate programs administered by the College lead to the Bachelor of Science in Education and consist of three basic areas of work: General Education, Professional study, and study within one of 12 areas of Specialty. It is the work within a specialty that determines a student's major. Graduate level studies at the College include 29 Master's and 17 Doctoral degree programs. And, in administering 33 teacher licensure programs, The College of Education is the largest producer of teachers in Tennessee.

SCHOOL OF PUBLIC HEALTH

Dean, Marian C. Levy, DrPH

The School of Public Health, nationally accredited by the Council on Education for Public Health, provides both graduate and undergraduate education, practicum experience, and research training to develop capabilities and address the growing need for a proficient public health workforce. The School offers a Bachelor of Science in Public Health (BSPH); three master's degrees (Master of Science in Biostatistics; Master of Public Health; and Master of Health Administration); and three doctoral degrees (Biostatistics, Epidemiology, and Social & Behavioral Sciences). The Master of Public Health provides concentrations in five areas: Biostatistics, Epidemiology, Urban Health, Social & Behavioral Sciences, and Generalist. The nationally-ranked Master of Health Administration and online Executive MHA are accredited by the Commission on Accreditation of Healthcare Management Education (CAHME) and are the only CAHME-accredited programs in Tennessee. Our mission involves the translation of knowledge and research into community practice to tackle pressing societal problems of social and environmental justice, health disparities, unhealthy lifestyles, and accessible systems that support the health of individuals, families, and communities. We emphasize both discovery and application with the goal of moving "knowledge into action" locally, nationally, and globally. We are proud of the following graduates:
