

# Master's Plan of Study Coversheet

At the start of their second semester in the program (or before 18 credit hours are completed) MA students must choose a major advisor from the COMM graduate faculty, form an advisory committee with two additional members of the COMM graduate faculty (extra members from COMM or outside of COMM may be added at the discretion of the major advisor) and get a Plan of Study approved by the committee. The core elements of the Plan include a description of the student's areas of emphasis, a listing of all courses the student plans to take to complete the degree, a statement describing which degree completion option the student will choose – exam, thesis or culminating project – and a timetable for graduation. Advisors should provide sample plans for their students to review as they draft their own.

MA students seeking to enroll beyond 18 hours must have an approved Plan of Study, or they will not be cleared to register.

After the student's advisory committee has met and approved the Plan, the student must submit a hard copy of this form (with the Plan attached) to the Graduate Studies Coordinator and Department Chair for approval.
