BE A TIGER MATH-LETE!

YOU NEED:

Pair of Dice
Scissors
2 Players

SETUP:

Create 2 paper footballs by cutting the solid lines as shown to the left (You can use a piece of candy or lego or other small object for the ball instead of the paper football)

Fold on the dotted lines. Tuck the small fold in to hold the football together.

Use the football field included for the game board.

HOW TO PLAY THE GAME:

Each player gets four rolls to try to get a touchdown. Start with the ball on the 0 yard line. Roll the dice and then find the product of the two numbers. Move the ball that number of yards.

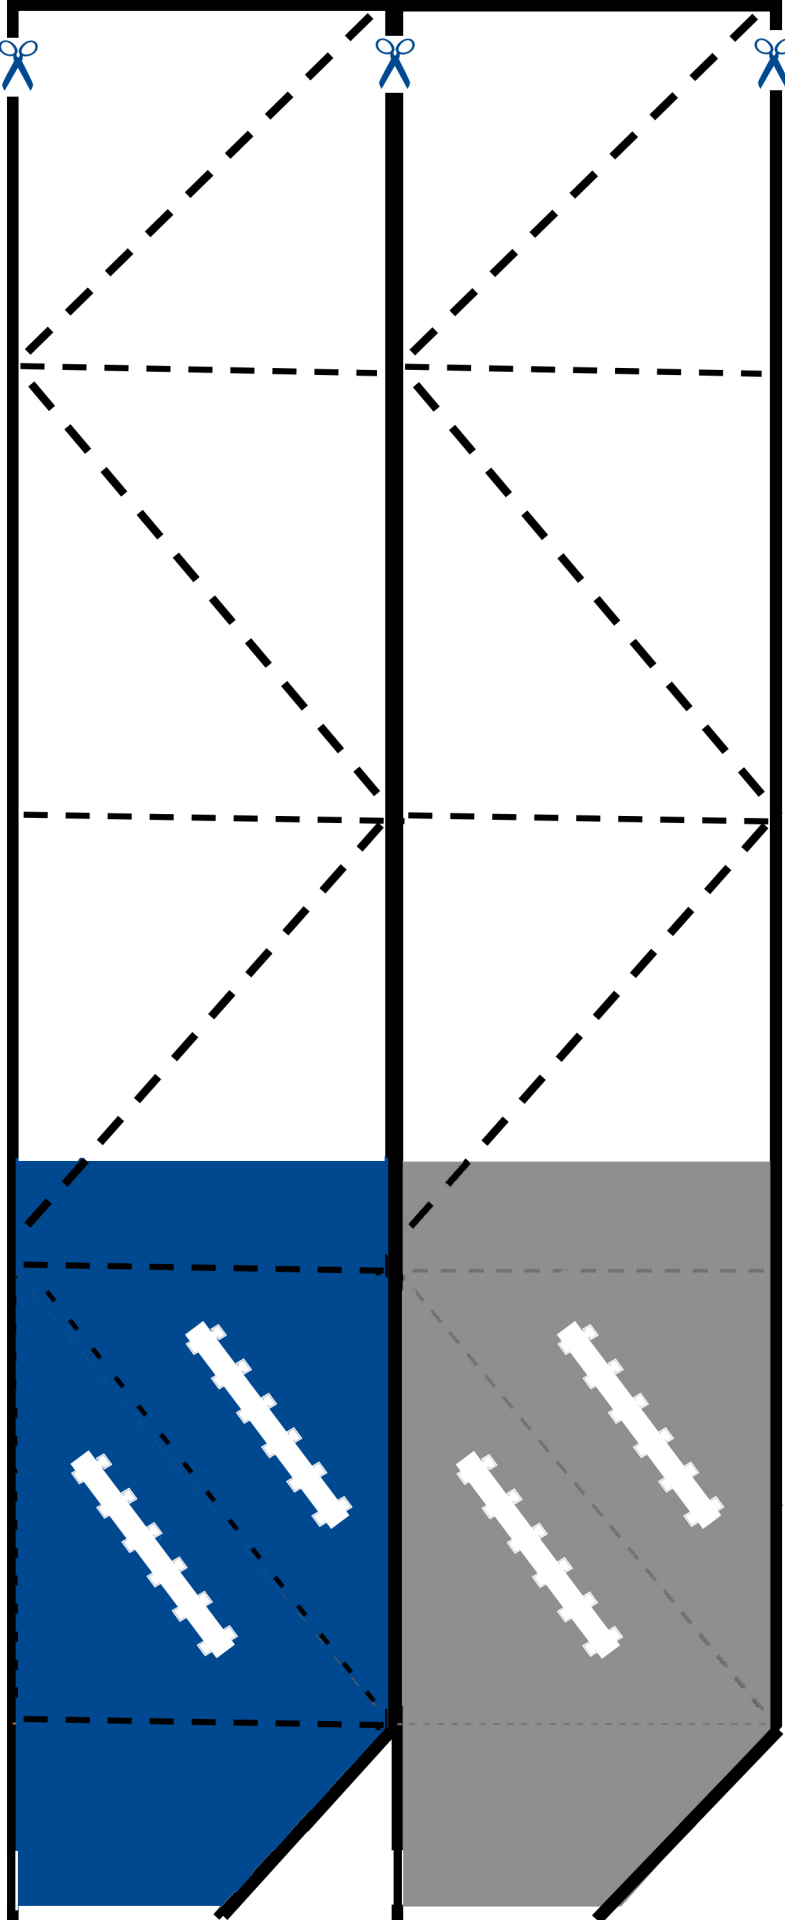

The player does not have to land exactly on the end zone to get a touch down. Any number that gets him past the end zone is fine.

If the player does not get a touchdown in four rolls, they can kick a field goal by rolling the dice again. A successful field goal is rolling doubles of any number.

KEEPING SCORE:

Touchdowns: 7 points
Field goals : 3 points

Choose a time limit for the game (10 minutes, for example) or play until someone gets to 50.

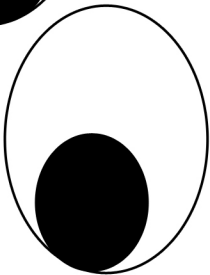

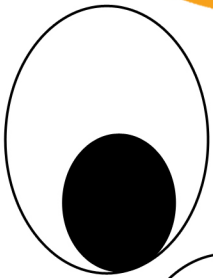

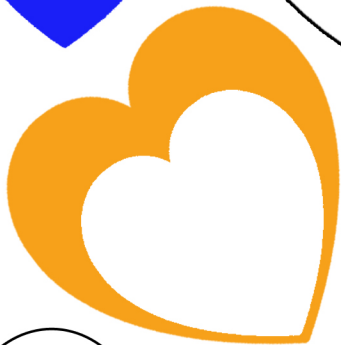

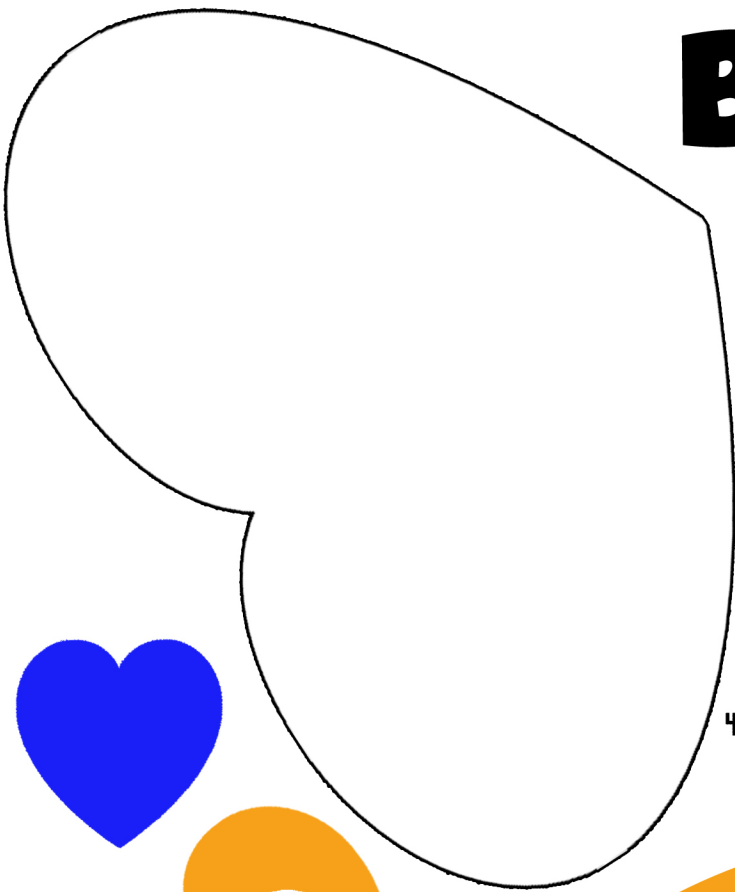

BUILD A TIGER

NEED: SAFETY SCISSORS, GLUE, BLACK CRAYON
(SEE EXAMPLE ABOVE FOR HELP)

DIRECTIONS:

- 1: WITH AN ADULT'S HELP, CUT OUT EACH SHAPE
- 2: DRAW TIGER STRIPES ON THE SIDES OF THE BIG CIRCLE
- 3: GLUE THE EYES AND BIG WHITE HEART ON THE FACE
- 4: GLUE THE BLUE HEART IN THE MIDDLE OF THE WHITE HEART TO MAKE THE NOSE
- 5: DRAW WHISKERS AND A MOUTH
- 6: GLUE THE ORANGE HEARTS TO THE BACK OF THE CIRCLE TO MAKE EARS

SPIKE!
