

Technology Industry – We’re Looking for 200 Java and .Net Developers.

You have graduated or are about to graduate from college. You are looking for experience and a place to build your career.

At Eagle Creek Software Services, we’ll jumpstart your career with the most relevant technologies in the U.S. We will assist you with your relocation and give you paid training. After completing the training, you will be part of a team working on the most advanced projects in the industry. All this is happening at our market leading, U.S. facilities located outside of Fargo, North Dakota.

TARGET HIRE DATE: ASAP until 200 positions are filled

REQUIREMENTS/QUALIFICATIONS:

- Bachelor Degree in MIS, CS, IS, IT, STEM or other technical fields
- An understanding of Object Oriented Programming Languages
- Coursework or experience with Java or .Net
- Experience in programming
- Good communication skills
- Ability to work in a collaborative, team environment
- Ability to understand business processes and workflow
- Self-motivated
- Goal oriented

TRAINING INCLUDES:

- Agile methodology
- SQL
- Business Intelligence tools
- Database tools
- Quality Assurance
- Java and .Net
- Integration tools
- Web tools
- Mobility
- Oracle and Salesforce CRM

JOIN THE EAGLE CREEK TEAM TO:

- Engage with a Fortune 2000 customer
- Get assigned to a new development or implementation project (not maintenance)
- Touch our customer’s customer
- Work at a national or even an international level
