

## Job Description

Position Title: Intern, Software Engineering  
Department: Corporate  
Reports to Title: VP, Software Engineering  
Location: Memphis, TN

Scope: Global  
Position Level: Intern  
Employment Status: Part Time  
Date Written/Revised: 3/3/2019

---

The Hilton portfolio of hotels is comprised of 15 industry leading and world-class brands. A dedicated team of industry experts in the domains of hospitality, brand management, innovation, food and beverage, wellness, owner relations, and more, lead our Brands organization with the steadfast goal of strengthening and growing the Hilton portfolio. In addition to our flagship brand, Hilton Hotels & Resorts, the family of brands includes Waldorf Astoria, Conrad, Canopy, DoubleTree, Curio Collection, Tapestry Collection, Hilton Garden Inn, Hampton, Tru, Motto, Embassy Suites, Homewood Suites, Home2 Suites, and Hilton Grand Vacations.

## What will I be doing?

The Intern, Software Engineering will be exposed to participate in analysis, design, development, testing and deployment of modern software using the following technologies –

- HTML
- React / React Native
- Swift/Objective C (iOS)
- Java/Kotlin (Android)
- Salesforce
- Java /.NET

The Intern, Software Engineering will be exposed to technologies that power Hilton's website, mobile applications, contact center applications and property management systems.

## What are we looking for?

*The success in this role will demonstrate itself through the following attributes and skills:*

- Ability to work independently and in a group environment
- Collaborative teammates who love to build consensus and relationships across all levels
- Interpersonal communicators who will positively influence Hilton's partners and communicate effectively at all levels
- Strong communication skills - written and verbal - as well as comprehension skills to articulate complex analytical topics to a wide audience who may or may not be familiar with analytics or the subject matter
- Problem solver, who can resolve issues effectively and creatively while maintaining exceptional flexibility, collaboration and integrity
- Ability to handle multiple projects simultaneously with little supervision
- Self-starter, well-organized and willing to take ownership of responsibilities and possess a high level of positive energy and drive

*To fulfill this role successfully, you should demonstrate the following minimum qualifications:*

- Currently enrolled as a full-time college student pursuing a Bachelor's degree in Computer Science, Engineering or Business degree
- The ability to fluently speak, read, and write in English
- Rising sophomore, junior, or senior
- Cumulative 3.0 GPA or higher
- Can be on-site and work at assigned location
- Can work in the US without employment sponsorship

## What will it be like to work for Hilton?

Hilton is the world's leading global hospitality company, spanning the lodging sector from luxurious full-service hotels and resorts to extended-stay suites and mid-priced hotels. For nearly a century, Hilton has offered business and leisure travelers the finest in accommodations, service, amenities, and value. Hilton is dedicated to continuing its tradition of providing exceptional guest experiences across its global brands. Our vision to fill the earth with the light and warmth of hospitality unites us as a team to create remarkable hospitality experiences around the world every day. And our amazing Team Members are at the heart of it all.
