

B: Baseline

S: Specific

M: Measurable

A: Achievable

R: Realistic

T: Timely

What's so great about SMART goals?

- ① Provides a concrete template to construct a legally defensible and therapeutically appropriate goal.
 - ① Sets the SLP and student up for success with a clear path of what criteria is needed to achieve mastery.
- 

WE FORMAT GOALS FOR THE 'WHAT IF'

GOALS DRIVE THERAPY.

and if they aren't formatted correctly they will drive you crazy
