Note: Required in **Bold** † Delivered in a Part of Term

\*Incoming students with a grade below B- on their equivalent undergraduate course are required to take the full course. Students with a grade of B- or higher complete an online assessment on key topics covered in 7006 to ensure preparedness for Child Language Disorders course in the fall. Those who do not earn a score of at least 80% before losing access to the assessment are required to take the full course.

Incoming students who have not completed an undergraduate course covering Transcription are required to take Introduction to Transcription.
