

Overhead Clearance

Safe Travel Rules

Always follow all Safe Travel Rules when operating a PIT.

Potential Hazards

Collision with overhead obstructions can result in:

1. Building Damage
 - Lights
 - Doors
 - Mechanical systems
2. Vehicle damage
3. Damaged and falling loads
4. Tipover

Requirements

1. Be aware of the height of the building and its structures and mechanical systems.
2. Be aware of your vehicle height and the height of the load.
3. Do not travel with loads elevated more than required to clear the ground.
