Technology Careers In Business

Professional Connections for the Future

Technology Careers In Business (TCB) is a professional development program specifically designed for MIS majors. Focused on providing insight into different career paths and industries, TCB participants will interact with employers and learn more about cutting-edge technology programs. Program participants should have successfully completed at least one of the following courses, MIS 3770, 3775, or 3790. To receive credit, students must attend and complete all sessions in their entirety. To register, please complete the application on the back and return to room 274 or send to professional@memphis.edu.
