Find the corresponding class on the registration page.....	2
Follow the instructions in order to sign up.....	3
Confirmation Email.....	4

Step 1

Visit the [Agile Academy Page](#) (found [here](#)) and find the class you wish to register for.

The screenshot shows the FedEx Institute of Technology website. The header features the FedEx Institute of Technology logo and the text "FedEx Institute of Technology". A navigation menu includes "About", "Research", "Events", "Training", "OTT", "News", and "Contact Us". A sidebar menu is open, showing "Trainings" with a sub-menu for "Agile Academy" containing "About", "Agile Project Management", "Agile Release Management", "Agile in Software Testing", "Agile Executive Leadership", "Student Bootcamps", "Memphis Innovation Bootcamp", and "R Immersion Workshop". The main content area displays the "Agile Academy" title and two paragraphs of text. The first paragraph states that the Agile Academy was developed in 2017 to provide assistance with the FedEx Agile Transformation, working closely with the Scaled Agile Transformation Office (SATO) and FedEx IT Training and Education. The second paragraph states that in 2018, the Agile Academy will transform into a larger training initiative designed to help FedEx meet training requirements across all of FedEx's technical tenets, including classes on cloud native, devsecops, and many others, with the FedEx Institute of Technology helping to make technology innovation happen across the FedEx organization.

Agile Academy: Registration Instructions
