SOAR: Software of Operational and Administrative Resolve

• SOAR Transformation Overview
• Your Perspective
An integrated system, as opposed to individual software, designed specifically for business processes.

Modernized applications will be relied upon every day for business functions ranging from recruiting and hiring employees, performance management, purchasing goods and services, making payments to vendors, and administering the post-award functions of UofM’s research enterprise.

QUESTIONS?
Oracle Chart of Accounts

Heidi Kendall (BFRSI) & Amanda Clarkson (HR)
Oracle Chart of Accounts

• When building the new Chart of Accounts, the focus is to be THIN.
  
  • If a subsidiary ledger has the detail of a transaction, that detail doesn’t need to be at the General Ledger level.
  
  • If you have a Chart of Account segment that identifies a transaction, then don’t have another segment reflecting that same identity.
    
    • For example, Account codes for Mandatory Transfers to R&R don’t need to have a Program code called Mandatory Transfers to R&R.
• Entity – Major institutional operating units (e.g. University, Foundation, HERFF and Auxiliary)
• Fund Type – Overall spending restriction of the fund source
• Fund Source – Individual pot of money that’s being budgeted for or funded, and spent against
• Org – Divisional breakdown based on operation and function for financial activity
• Account – Nature of the transaction (e.g. asset, liability, expense, revenue, net position)
• Program – Nature of the university’s major areas (i.e., instruction, research)
• Initiative – A cross-organization used segment to identify activity for organization initiatives and/or where two or more departments contribute
• Activity – Identify and group individual organizational unit projects, special events and other items that do not align with other segments
• Future – A segment that allows for growth in the future
Oracle Chart of Accounts – Activity Segment

- To track financial activities within a single department
  - Think of any financial spreadsheets you currently maintain to track information that Banner can’t handle

- Activity segments are not going to be limited to a single area – for example, the location Jones Hall can be used for any area that has a need for an activity code of Jones Hall. The difference between Initiative and Activity is that the Activity Code is not expected to be tracked across all areas, and that Jones Hall will mean something different for the Food Services auxiliary fund as it does for the College of Communication and Fine Arts.
Oracle Chart of Accounts – Initiative Segment

- New concept
- To track financial activities that span more than one department and/or division
  - Collaborations between departments or colleges
  - University-wide initiatives like Carnegie R1, Research Initiatives, etc.
  - Interdisciplinary Programs
- With Initiative, the use of the Initiative should be the same across all departments/divisions
Oracle Chart of Accounts – Initiative and Activity Codes

• We still need assistance in creating new Activity and Initiative segments

• We are looking for values that are not available in other CoA Segments that are needed to track University financial data either through Activities or Initiatives

• Any suggestions for Activity or Initiative segments can be emailed to Heidi Kendall – hkendall@memphis.edu or Amanda Clarkson – aclarksn@memphis.edu

Announcements & Deadlines

Separation & Clearance

• Please remember to immediately complete an online separation notice for any employee in your area that is departing the University!

• Not doing so places the University at risk because the employee would still have system access and could lead to an audit finding.

• Keep in mind it is HR’s practice to process clearances closer to the date of separation so that leave balances can be accurately calculated for payouts. Therefore, if you submit a clearance far in advance, it may not be immediately processed.

• https://umwa.memphis.edu/sep-clear
Announcements & Deadlines

• PLEASE make sure that all leave reports for your department are submitted and approved each month!

• This includes all exempt staff and faculty employees.

• Leave reports are due by the 10th of the month following the month being reported.

• Remember to put at least one “0” on any one date for one leave category (such as Annual Leave) in any month in which no leave was used.

- Want to know more about what's happening around campus? Download the TigerZone Mobile App! TigerZone Mobile has all of the UofM's engagement experiences in one place.

- Students, faculty, and staff can search through available opportunities and discover what matters to them. Whether you're looking for something quick or planning for your next few weeks, the TigerZone Mobile will make sure you stay connected. TigerZone Mobile allows for students to make connections that lead to opportunities, set goals, unlock resources and track their success.
Announcements & Deadlines

• All Financial Managers, Designees, and Approvers should complete their Annual Financial Responsibility certification by April 30, 2024.

• Visit the website at https://umwa.memphis.edu/afrc to do so.
Announcements & Deadlines

REMINDER

• When traveling for the University, please be reminded to request the CONUS and/or Government rates when booking hotel for travel.
Announcements & Deadlines

• Faculty performance appraisals evaluating performance in 2023 kicked off in WorkforUM on January 2, 2024.

• Keep in mind that assistant & associate deans are to be evaluated in SAMS, not in WorkforUM, due to the primarily administrative nature of their job duties.
Announcements & Deadlines

- Staff performance appraisals in SAMS are due April 30, 2024 for all non-probationary staff employees.

- The rating choices on the University's staff performance appraisal tool (SAMS), located at https://www.memphis.edu/performance, have been updated for 2023-24 reviews. The three previously offered choices were increased to five:
  - **Outstanding**: Performance consistently exceeded job expectations and delivered exceptional results in all areas.
  - **Highly Effective**: Performance occasionally exceeded job expectations. Uniformly high quality of work.
  - **Effective**: Performance routinely met job expectations. Job well done.
  - **Marginally Effective**: Performance occasionally met job expectations but was inconsistent. Performance Plan likely necessary.
  - **Unacceptable**: Job expectations not met. Immediate action required via employment status decision or Performance Plan.
