• Limited-purpose annual limit will increase to $2,850; You can carry over $570 at the end of 2023.
Basic Term Life / Accidental Death & Dismemberment (AD&D) Insurance
The State provides, at no cost to the employee:
• $20,000 basic term life insurance
• $40,000 basic accidental death and dismemberment (AD&D)

If you are enrolled in health insurance, your coverage automatically increases, based on your age and salary:
• Up to $50,000 term life insurance
• Up to $100,000 AD&D insurance
Members are responsible for the additional cost of coverage.

Dependents enrolled in health insurance are each covered for:
• Basic term life $3,000
• Basic AD&D based on your salary and family composition.
New for 2023 Life Insurance

• **IMPORTANT! New for 2023:** For all eligible employees, **basic term life insurance** coverage will be 1.5 times the employee’s base annual salary as of Sept. 1 of each year, **even if the employee is not enrolled in health insurance**, to a maximum of $50,000.

• The calculation to determine the employee’s level of basic term life insurance coverage will be rounded up to the next $1,000. For example, if the result of calculating 1.5 times the employee’s annual salary is $40,125, the result will be rounded up to $41,000 of basic term life coverage. The **basic AD&D coverage** will continue to be two times the basic term life coverage, up to $100,000.

• **Employees pay the monthly premium on any additional coverage above the state paid amounts** of $20,000 for basic term life and $40,000 for basic AD&D and for all dependent coverage.
New for 2023: Employees can opt out of the employee-paid basic term life insurance coverage over $20,000 and basic AD&D coverage over $40,000 along with dependent coverage. To do this the employee MUST make this selection in Edison during Annual Enrollment.

• **Important! This is a permanent choice.** Employees should make this decision with caution. Employees who opt out of this additional coverage may not re-enroll in the employee-paid coverage (the amount above what the state pays) and dependent coverage unless they later have a qualifying event.

• **New for 2023:** Employees will be able to add and remove eligible dependents for enrollment in the basic dependent term life/basic AD&D insurance. Dependents do not have to be enrolled in health insurance to qualify for this coverage. **If an employee wants to add or remove dependents from this coverage, the change must be made in Edison during Annual Enrollment.**

• Existing employees and any dependents will automatically be enrolled; employees must go into Edison and opt out of the additional coverage beyond the employer-paid coverage if they wish to do so.
Employees: You can buy voluntary AD&D insurance to give additional protection if the employee or employee’s covered dependent’s death or dismemberment is due to an accident. This is in addition to the basic AD&D coverage. The employee will pay the full monthly premiums. Enroll and keep the beneficiary information current in Edison.

NEW! Employee coverage in 2023 will change from a coverage level based on salary to a choice of these five amounts: $50,000, $60,000, $100,000, $250,000 or $500,000.

NEW! Dependent enrollment in 2023 will be on a coverage tier basis [spouse only, spouse + child(ren), or child(ren) only] instead of generic family coverage. Dependents may be removed or added for this coverage via Edison ESS.

Dependent voluntary AD&D coverage is based on a percentage of the employee’s voluntary AD&D coverage.

Employee premium rates will increase in 2023.

Dependent premium rates will be per $1,000 of total dependent coverage, instead of per family unit.

Benefits will be paid for dismemberment if the loss occurs within 180 days of the accident, provided the employee or dependent was covered on the date of the accident and met the established criteria. Accident could occur at work or elsewhere.

Coverage is available at low group rates, no questions asked.

Premiums will be for the coverage level the employee selects.

COMPLAINT TRIAGE TEAM

Vicki Deaton
The State of Tennessee Audit Committee Act requires that the UofM Board of Trustees Audit Committee provide a means by which members of the campus community may confidentially report illegal, improper, wasteful, or fraudulent activity at the University.
The UofM Board of Trustees Audit Committee Charter says the committee must “ensure that a process exists for assessing, reporting, and investigating illegal, fraudulent, wasteful, or improper activity at the University, including a confidential reporting mechanism.”
University Management

The University is committed to the responsible stewardship and accountability of our resources. University management is responsible for establishing and maintaining internal controls within the organization.
The basic elements of a proper control system include:

• Creating a culture of honesty and high ethics

• Evaluating risks and implementing processes, procedures and controls to prevent, deter and detect fraud, waste and abuse

• Developing an appropriate oversight process
The Audit Committee has the authority to conduct or authorize investigations into any matter within its scope of responsibility.

In August 2020, University management created the Complaint Triage Team (CTT) with input from the Audit Committee.
The Audit Committee authorized the CTT to:

• Establish methods to report suspected fraud, waste, and abuse (FWA), illegal activities, conflicts of interest, and noncompliance with policies, laws, and regulations

• Establish methods to process reports received

• Conduct investigations

• Communicate results with Audit Committee, UofM management, and state and federal agencies as required
Members of the CTT:
1. Chief Compliance Officer
2. University Counsel
3. Chief Audit Executive
4. Chief Human Resources Officer
If you have information and are reasonably certain about activities you believe constitute illegal, improper, wasteful, or fraudulent activities, you may submit a report online to the University of Memphis Office of Internal Audit and Consulting through the Internal Audit page of the University’s website. Reports may be made anonymously.

https://www.memphis.edu/audit/report.php

Or you may contact Internal Audit at 678-2125 or UoM_audit@memphis.edu
Other Methods of Reporting

• Tell your supervisor
• Notify a member of the Complaint Triage Team
• Notify another University official
• Contact the Tennessee Comptroller @ 1-800-232-5454 or http://www.comptroller.tn.gov/hotline
Other Complaints

Contact the **Office for Institutional Equity** to make a complaint of discrimination, harassment, sexual misconduct or retaliation.

Email: [oie@memphis.edu](mailto:oie@memphis.edu)
Online reporting form at [memphis.edu/oie](http://memphis.edu/oie)
Phone: 901.678.2713
All UofM faculty, staff, students, and other interested citizens are strongly encouraged to report known or suspected illegal, improper, wasteful, or fraudulent activity at the University.

It is not necessary to have proof of wrongdoing at the time of reporting dishonest or suspicious activity; however, anyone reporting such activity should have reasonable grounds for doing so.
Before making allegations of fraud, waste or abuse, be reasonably certain of any claims. Such allegations could seriously and negatively impact the accused individual’s life and adversely affect the working environment of the department.
UofM Policy Definitions:

**Fraud** – An intentional deception that violates a law or the public trust for personal benefit or the benefit of others.

**Waste** – Behavior involving the extravagant careless, or needless use of government funds, property, and/or personnel.

**Abuse** – Behavior involving the use of government funds or property that a prudent person would not consider reasonable and necessary business practice given the facts and circumstances.

Reference: GE2014 Reporting Fraud, Waste, or Abuse of University Resources
Examples of activities that should be reported:

• Theft or misappropriation of funds, supplies, property, or other institutional resources
• Forgery or alteration of documents
• Unauthorized alteration or manipulation of computer files
• Falsification of reports to management or external agencies
• Pursuit of a benefit or advantage that could be a conflict of interest
• Authorization or receipt of compensation for hours not worked
The State of Tennessee Audit Committee Act prohibits retaliation for reporting or cooperating with the Audit Committee, Internal Audit, or TN Comptroller auditors, or for reporting any facts to the University. Any person who knowingly and willingly retaliates or takes adverse action of any kind against any person for reporting alleged wrongdoing commits a Class A misdemeanor.
As investigations are performed, the reporting individual’s confidentiality is protected under TCA Title 10, Chapter 7, unless subject to court action requiring disclosure. If there is a separate legal obligation to investigate the complaint (e.g., complaints of illegal harassment or discrimination), the University cannot guarantee anonymity or complete confidentiality as other outside agencies could be involved.
What Happens When Reports Are Received?

The CTT meets to discuss the report and:

• Determines if alleged activity falls under the umbrella of possible illegal, improper, wasteful, or fraudulent activity

• Refers any actual or alleged reports of criminal activity to the appropriate law enforcement agency

• Informs the TN Comptroller if necessary

• Determines if there is enough information to perform an investigation

• Assigns the investigation to the appropriate University office or external agency
The State of Tennessee Audit Committee Act also includes that if we believe that illegal, improper, wasteful, or fraudulent activity may have occurred, then we must promptly report the information to the TN Comptroller of the Treasury.
Any state agency having determined that a theft, forgery, credit card fraud or any other intentional act of unlawful or unauthorized taking, or abuse of public money, property, or services, or that other cash shortages have occurred in the state agency, shall report the information to the office of the Comptroller of the Treasury.
The investigation report is a public document. The investigating office shares the report with the Triage Team, the Audit Committee, and effected University management. The Chief Audit Executive will also share the report with the TN Comptroller as needed.

A management letter will be provided for each investigation that identifies issues that need to be brought to the attention of management.

• Divisional Carryforward balances:

It is important to remember to shift carryforward funds, as well as any unallocated funds to the budget pools/account codes where the funds will be spent – be sure and incorporate spring semester spending as well.
  • The “best practice” is to look at historical spending as compared to both your base and current year budgets (which includes carryforward funds) and submit budget revisions to properly align your budget. Base alignment will greatly reduce the number of budget revisions that will be required in the future.
