## ABM BENEFITS

The University of Memphis is pleased to offer a wide selection of Accelerated Bachelors to Masters (ABM) Programs.

This means that as an undergraduate student, you can take up to four masters-level courses. Then, these courses can count toward:

1. Finishing your undergraduate degree
2. A graduate certificate program
3. A masters degree

As an ABM student, you will receive undergraduate tuition rates. By taking advantage of our ABM Programs, you can earn a graduate degree much faster!

Our ABM Programs are a great way to see if graduate school is right for you, and they provide ample networking opportunities!

Check out these programs today for a chance to jump-start your graduate academic pursuits!
