Immune Responses to SARS Coronavirus-2 (the Virus Which Causes COVID-19)

**Who:** Healthy adults 18-35 or 60-80 years of age.

**What:** Up to six blood collection sessions at the Elma Roane Fieldhouse. Blood samples will be transferred off-site for immune system studies on SARS-CoV-2/COVID-19.

**When:** Participants are being recruited immediately. Contact Dr. Brandt Pence at bdpence@memphis.edu.

**Compensation:** Participants will receive $10 per blood collection session.
