\*Note: In addition to receiving 4 credits for the Medical Assistant certificate, an additional 3-6 credits can be obtained for work performed as a medical assistant (3 credits per 300 hours of work experience).

\*\*Note: To receive credit for prior work experience within a health/fitness environment, a verification statement from the employer who can confirm that 250 hours of work was satisfactorily performed is required. The work must be involving direct contact with individuals, such as performing personal training, nutritional consulting, exercise prescription, exercise testing, or similar activities. It cannot include administrative tasks. You must complete a written summary of the work that was performed, documenting the work in detail. The summary should be detailed and complete but should not exceed two written pages.
