Keys to Success: Exercise your Brain

• Have a Growth Mindset
• Be resilient and persistent
• Have a positive attitude
• Work hard and attend class
The Herff Attitude

As a student in the Herff College of Engineering, I pledge:
• To attend class, and advising sessions.
• To take responsibility for my academic success or failure.
• To complete assigned readings and homework on time.
• To diligently prepare for exams and finals.
• To give each class the time that it demands for success.
• To learn from my mistakes and use them to get better.
• To seek help when needed and take help when offered, especially in response to an early alert.
• To treat my fellow students and the faculty with respect.
• To conduct myself with integrity consistent with engineering codes of ethics.
• To reward myself for a job well done.
