

THE LOST GENERATION OF SUDAN

This special screening of *"The Lost Children of Sudan"* showcases the third documentary of Operation Broken Silence. This riveting film examines the wars, genocides, and corrupt governments that have plagued Sudan through the eyes of an amazing group of war orphans who envision a different future for themselves and their country.

Operation Broken Silence (OBS), through its amazing international connections, is the only nonprofit organization in Memphis fighting and advocating for peace and justice in Sudan. Telling the story of Sudan through documentaries is just one way OBS is giving the Sudanese people the international support they need and making their story known.

Please join us to learn more about the extraordinary story of Sudan and the amazing work of Operation Broken Silence

Wednesday, April 13 @ 6:00pm
