## NEW QUIZZES - PRACTICE QUIZ MIGRATION (INSTRUCTOR)

Practice Classic Quizzes are migrated to New Quizzes with zero-point quiz settings enabled by default. This functionality enables instructors to swiftly and effortlessly transfer practice quizzes, eliminating the need for manual updates to each individual quiz. When a classic practice quiz is migrated, the New Quiz zero-point settings are enabled by default.

**Note:** Instructors can change these settings as needed.

Assignment Name  
Fantastic Fossils-Practice Quiz Section 1

Points 0

Assignment Group Migrated Quizzes

Display Grade as Points

☒ Do not count this assignment towards the final grade  
This is enabled by default as assignments can not be withheld from the gradebook and still count towards it.

☒ Do not display in gradebook or the student's grade page

## CANVAS STUDIO - MANUALLY CREATE CAPTIONS (INSTRUCTORS)

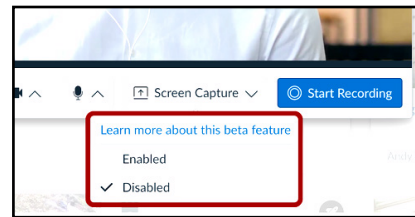

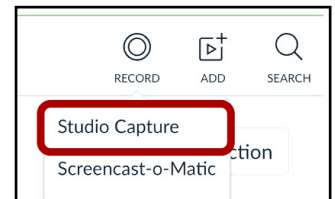

Studio users can manually create captions for uploaded media and for media linked from YouTube and Vimeo. This functionality allows users to easily create their own captions within the Studio Caption Editor. Click the Create from scratch link to manually add captions to Studio media.

IN THIS ISSUE: FEBRUARY 2024 REVIEW

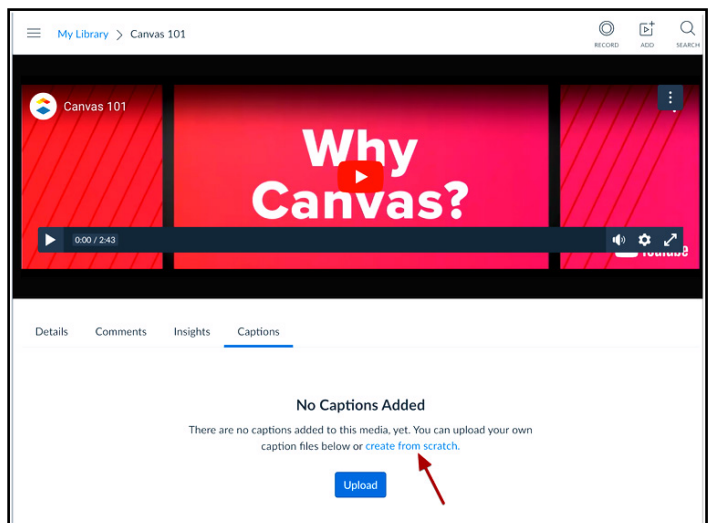

## CANVAS STUDIO CAPTURE (ALL USERS)

Canvas Studio Capture provides users with a native screen capture recording experience. This browser-based solution allows users to create content quickly and smoothly, while also eliminating the need to download and install a separate screen capture product. Record options are updated to include Studio Capture and Screen cast-o-Matic. The Studio Capture option allows users to capture screen recordings within their browser.

The Screen Sharing in Studio Capture is disabled by default and can be enabled by selecting the Enabled option.

Note: Canvas Studio Capture is currently supported on Chrome and Edge browsers only. Other browser users should continue to use Screencast-o-Matic (also known as ScreenPal). [Learn More: Studio Release Notes \(2024-02-06\)](#)

## NEW myMemphis Portal

The soft roll out of the new campusM system began in December 2023, running concurrently with the existing myMemphis portals (Luminis and campusM) throughout the Spring Semester 2024. UofM's Web and Mobile Services team is actively promoting the usage of the new system during this period. Everyone is welcomed [to use the new system](#) to learn about the new features that will be offered through campusM. To provide feedback to Web Services, please use the Feedback tile to connect to [the feedback page](#). Please choose **Send Feedback** from the list of choices to send feedback to Web and Mobile Services.

## TURNITIN

Turnitin has launched an enhanced Similarity Report for instructor users of Originality Check, delivering a more thorough analysis of similarity instances. This update introduces new tools and incorporates AI writing statistics in the administrator area. The revamped report includes features like Overall Similarity, Match Groups categorizing similarity, and a Sources view listing the highest percentage of text-matched sources. Notably, Match Groups apply only to English language submissions. Importantly, the new report is optional for instructors, allowing administrators to opt out in account settings for flexibility in adoption. To learn more about the new releases in Turnitin [please see the following website](#) for release updates.

## ZOOM TO TEAMS TRANSITION

Official date for transitioning: August 12, 2024

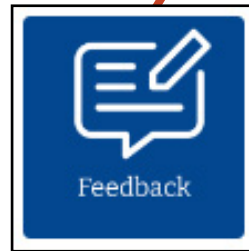

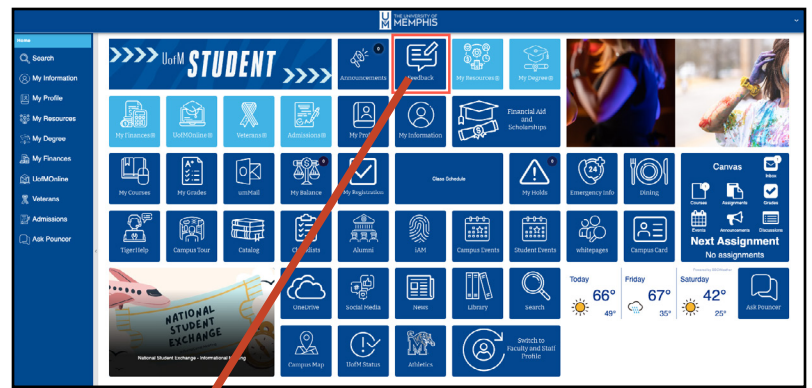

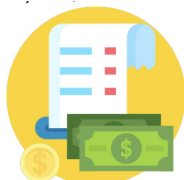

Most of the questions and comments are coming from [the Suggestion Box](#). We recommend submitting your questions here. We are currently working through some questions and comments about communications to students with Teams. Web and Mobile Services is working through the HIPAA version of Teams for compliance. People should begin switching now.

For more information about the Zoom to Teams transition, [please see our page](#).

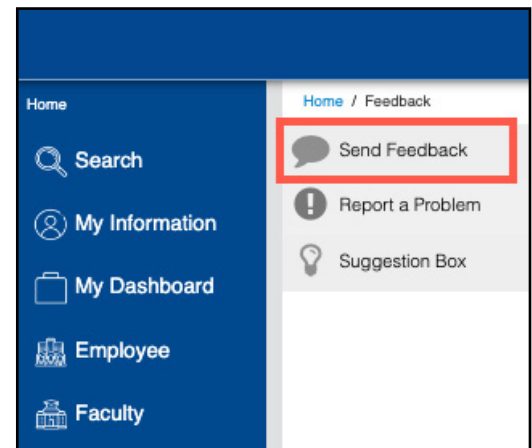

## SOFTWARE RENEWALS

The following contracts were renewed February 2024:

TurnItIn for \$55,662

## IT SECURITY AWARENESS TRAINING

It's almost the deadline for IT Security Awareness Training at the University of Memphis. This training is mandatory for all employees and emeritus faculty members, with active accounts. Training must be completed by February 29, 2024. [Access your training from this site](#).

New features include the option to "test out" by taking a quiz after a brief intro, satisfying your annual training requirement in just 15 minutes. However, this option is exclusively available for the shorter course. Failure to complete training by the due date will result in the inability to sign in to your UofM account. To start training, click the link, log in, and navigate through the course using the provided tools. For assistance, contact the ITS Service Desk at 901.678.8888 or [umtech@memphis.edu](mailto:umtech@memphis.edu).
