ADDITIONAL INFORMATION:
This course will help you express your creativity in the form of effective advertising communication. Both sides of your brain will be exercised as creativity and strategy meet in the development of advertising and promotional ideas that are compelling, persuasive and strategically sound.

Students will work together, in rotating teams of two or three, to produce a high volume of rough creative ideas. You will be encouraged to value points of view, other than your own, in this process. The resulting ideas, in rough form, will be critiqued and possibly refined. The students will then take the best ideas to finished layouts for presentation to the class. Some of the creative assignments will emanate from “real world” creative briefs.

Advertising is a business. It’s about finding ways to get people to pay attention to your message and buy your product or service instead of someone else. But advertising is also about a passion for life and the joys of learning and living it to the fullest. Great creative emanates from curious committed people having fun. The hope is that you will leave this class with a better understanding of the advertising creative process and an impressive creative portfolio.

JOURNALISM AND STRATEGIC MEDIA POLICIES
PORTFOLIO REQUIREMENT:
All students in the Department of Journalism and Strategic Media are required to develop and maintain an active portfolio of their work. Undergraduate students are to begin the portfolio in JRSM 3900 and graduate students are to begin in JRSM 7002. Students are to contribute to it in every skills course thereafter. The portfolio should contain samples of the student’s work from courses and/or professional experiences and should develop as the student builds skills. Portfolios will undergo a final, external review while students are enrolled in their capstone courses.
Students may use any type of web hosting for their portfolios, but it must have an independent and professional URL. Students may use any content management system, but students are encouraged to use WordPress, Wix, or SquareSpace. Students are encouraged to consider purchasing a URL and hosting if they plan to use the portfolio for a long term, but they must keep the portfolio active for six months following graduation from the University of Memphis.

Students should have a professional email address they plan to use throughout their professional lives, via a common email service, such as Gmail.

All portfolios must contain the following items:
- Samples of work from courses and/or professional activities. (Example: Broadcasting students must include a video reel)

- Social media links

Students might wish to include a blog, video reels, photograph galleries, SoundSlides presentations, design PDFs, audio files, and writing pieces as examples of professional work. Punishment may include grade reductions or seeking dismissal of the student from the University.

Further, as this is a journalism/mass media class, students are expected to comply with copyright law and must have sufficient permission to use any copyrighted materials used in creative projects, unless otherwise informed in cases of exercises or reproduction.

“Your written work may be submitted to Turnitin.com, or a similar electronic detection method, for an evaluation of the originality of your ideas and proper use and attribution of sources.
