College is a time to celebrate who you are and who you will become.

It can be a time of great excitement and huge expectations. The first step to managing all of this begins at New Student Orientation (NSO).
BEGIN COLLEGE ON THE RIGHT TRACK AT NSO

You are about to embark on a journey full of new experiences and amazing opportunities. NSO is designed to help you (and your parents) make a smooth transition into college life at the University of Memphis Lambuth. You will plan an academic program that reflects your interests and goals, meet your academic advisor, register for classes and learn more about the resources the UofM Lambuth has to offer. By the time you leave NSO, you will have:

• Finalized your class schedule for the fall
• Learned a lot about the UofM Lambuth that you didn’t know
• Had a lot of fun!

FOR PARENTS

We strongly encourage parents to participate in the online orientation process and show support for your student. The first year of college can be as big a transition for parents as it is for students. That’s why we have a special program designed specifically for parents. Get your questions answered, learn more about financial aid, scholarships and student services and familiarize yourself with campus so you can better appreciate the first-year experience.

Orientation sessions are available on a first-come, first-served basis. You are welcome to attend any session that fits your schedule.
Do I have to stay the entire time?
You must attend all of the scheduled activities. Please arrange your work and travel schedules accordingly.

How will I register for classes?
