

Lawyering Fundamentals

Welcome Letter

Dear Student,

Congratulations on your acceptance into the University of Memphis, Cecil C. Humphreys School of Law. Training to become a lawyer is a very exciting undertaking. We are excited to have partnered with the University of Memphis, Cecil C. Humphreys School of Law to provide you with an intensive, three-day course in Lawyering Fundamentals as part of your Orientation program. Barbri is very pleased to play a small part (through *Lawyering Fundamentals*) in laying a foundation on which others will build during the rest of your legal training.

Overview

Lawyering Fundamentals (LF) simulates the first semester of law school. It includes daily classes during which you will be questioned on the assigned reading, answer law school exam-style questions, and receive helpful strategies for success in law school. You will also sit for a final exam at the conclusion of LF. Although the exam does not count for law school credit, it will be a tool to help us and you assess your performance to assist you in achieving your potential. However, most importantly, the course will help demystify some of the law school teaching methods to help you acclimate and succeed. Consider LF the first step of your legal training!

Preparation

LF requires the same effort that will be expected of you in law school - but don't worry, it will be worth it! Like preparing a good meal or building a meaningful relationship—your enjoyment of it and the outcome will be equal to the effort and attention you put into it.
